PERIODS OF PAIN.

Menstruation, the balance wheel of woman's life, is also the heaviest existence to many because it means a time of great suffering. While no woman is entirely free from periodical pain, it does not seem to have been nature's plan that women otherwise healthy should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition that produces so much discomfort and robs menstruation of its terrors. Here is proof: "DEAR MRS. PINKHAM—How can I thank you enough for what you have done for me? When I wrote to you I was suffering untold pain at time of menstruation; was nervous, had headache all the time, no appetite, that tired feeling, and did not care for anything. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound, one of Blood Purifier, two boxes of Liver Pills, and to-day I am a well person. I would like to have those who suffer know that I am one of the many who have been cured of female complaints by your wonderful medicine and advice. —MISS JENNIE E. MILES, LEON, WIS. If you are suffering in this way, write to Miss Miles did to Mrs. Pinkham at Lynn, Mass., for the advice which she offers free of charge to all women.
